

Friendship Family Program

Office of International Programs

What is the friendship family program?

The Office of International Programs matches international students with local families and singles. The goal is for the student to learn about and experience American culture outside of Lander. We also hope that the student will share his/her culture with you and your family. This is the start of what could be a lifelong relationship where you and your student will learn from each other and grow together. We hope that this experience will encourage you to break stereotypes, discover your own city, and continue the international experience once your student returns to his/her home country. "Hosting is a small but essential step in contributing to world peace, tolerance, and understanding – it happens one relationship at a time." (NAFSA)

What do you do?

Activities with friendship families depend on the interests of the family and student. Activities previous friendship families have done together include trips to the grocery store, watching a movie, going out for coffee, attending plays and concerts, sporting events, visiting an apple orchard, pumpkin carving for Halloween, dying Easter eggs, celebrating holidays, etc. Please visit students' blogs and see how they enjoy time with their Friendship Families: landerkoreanstudents.blogspot.com/

Does the student live with me and my family?

No, the student will not live with you and your family. If you are comfortable with the student and would like to invite him or her to stay at your home during holiday breaks, you are welcome to do so. Also you should note there is no financial obligation on your part to the student or Lander.

Do I need to do something with my student every week?

No, but we do ask that you do something with your student at least once a month. This is an exciting opportunity for you and the student.

How do I sign up for the friendship family program?

Please fill out the friendship family questionnaire from the Office of International Programs. You may also contact the Coordinator for International Programs, Boyoung Roh. Once the application is completed please return it to the Office of International Programs by mail or electronically at broh@lander.edu.

After we receive the form, your name will be added to our list and we will match you with a student as soon as one is available!

Friendship Family Program

Office of International Programs

The Friendship Family Program is a wonderful opportunity for you to share the American culture while at the same time learning about another.

Expectations of Friendship Families:

- * Provide practical assistance to help student settle into their new environment
- * Provide knowledge of the American Way of life/culture
- * Provide caring, friendly emotional support when needed
- * Invite student to family activities and holiday events, as appropriate
- * For more detailed expectations please see the Friendship Family program description attached or contact Boyoung Roh, Coordinator for International Programs at 864.388.8646

Friendship Families **DO NOT** provide financial assistance to the student.
